

WHEN

We offer the CPO course in French or in English regularly in the Montréal and Québec City area.

It's possible for you to receive the manual in English when taking the course in French or, receive the manual in French when following the course in English.

It is suggested that the exam be taken in the same language as your manual (French, English or Spanish).

A CPO course can be arranged in your area taught in English or in French.

Certified Pool & Spa Operator

Do you manage a pool or a spa?

Rules and regulations have to be followed. Do you know them?

Do you know how to prevent Recreational Water Illnesses (RWI)?

Do you want to minimize risk?

Here is the solution,
The CPO® course!

WE CAN HELP!

COURSE CONTENT

The course is given in a two day format, followed by an open book exam with multiple choice questions relating to:

- ❖ Problems caused by bacteria, viruses and parasites
 - ❖ Headaches caused by biofilm or algae.
 - ❖ Water balancing (pH, total alkalinity, calcium hardness, TDS...)
 - ❖ Basic calculations of pool volume, surface area, flow rate, turnover, etc.
 - ❖ The various sanitizers as well as swimming pool sanitation systems on the market today
 - ❖ Automation
 - ❖ The Langelier Saturation Index
 - ❖ A look at pool and spa equipment and accessories
-

THE INSTRUCTOR

Mr. J.P. Lajoie

Mr. Lajoie has more than 30 years of experience in the aquatic field.

He's an instructor and consultant to municipalities, school boards, hotels, hospitals, universities and engineers.

He's taught the National Swimming Pool Foundation's Certified Pool & Spa Operator (CPO) course for more than 20 years in every part of Canada as well as some US states.

He's often invited as speaker and has collaborated in the formulation of the French CPO manual. He's also often asked to give his opinion as an expert in newspapers or television.

Mr. Lajoie is an instructor of many years recognised by NSPF as having certified the most students internationally in many of the past years.

NSPF CPO CERTIFICATION

NSPF is recognised worldwide by aquatic professionals for its CPO certification program.

The CPO is the only course recognised internationally, NSPF having trained more than 375 000 professionals in more than 93 countries.

Although we offer the course in English or French, the manuals are available in English, French and Spanish.
